Dave -

I think we can probably cover a tour of the study area and be back by 12. So I expect a food and bathroom break at noon. I might bring a lunch just in case, though. I know the clam people will want to go back out for observations in the afternoon.

I'm having trouble getting a car. Is there a chance I can meet you at the SOB or somewhere else for a ride out to Cathedral Park?

- Mike

How long will we be out? Should I bring a lunch?
